LANDSCAPE
AND
URBAN PLANNING

Author Index

Allen, R.B., Hewitt, A.E. and Partridge, T.R.
Predicting land use suitability from vegetation and landform in depleted semiarid grassland, New Zealand 31
Cable, T.T., *see* Cook, P.S. et al.
Cook, P.S. and Cable, T.T.
The scenic beauty of shelterbelts on the Great Plains 63
Coulombe, S. and Lowell, K.
Ground-truth verification of relations between forest basal area and certain ecophysiographic factors using a geographic information system 127
Curry, M.K., *see* Godfrey, S.H. et al.
Décarie, R., *see* Morneau, F. et al.
DesGranges, J.-L., *see* Morneau, F. et al.
Godfrey, S.H. and Curry, M.K.
TTI hydraulics and erosion control laboratory research field performance of erosion-control blankets 161
Hatzistathis, A., *see* Panagopoulos, T. et al.
Hewitt, A.E., *see* Allen, R.B. et al.
Jacobs, P. and Mulvihill, P.
Ancient lands: new perspectives. Towards multi-cultural literacy in landscape management 7
Johnson, C.W.
Planning and designing for the multiple use role of habitats in urban/suburban landscapes in the Great Basin 219
Jongman, R.H.G.
Nature conservation planning in Europe: developing ecological networks 169
Kangas, J., *see* Pukkala, T. et al.
Kovář, P.
Is plant community organization level relevant to monitoring landscape heterogeneity? Two case studies of mosaic landscapes in the suburban zones of Prague, Czech Republic 137
Lépine, C., *see* Morneau, F. et al.
Long, C.N., *see* Nilon, C.H. et al.
Lowell, K., *see* Coulombe, S. et al.
Melinchuk, R.
Ducks Unlimited's landscape approach to habitat conservation 211
Morneau, F., Lépine, C., Décarie, R., Villard, M.-A. and DesGranges, J.-L.
Reproduction of American robin (*Turdus migratorius*) in a suburban environment 55
Mulvihill, P., *see* Jacobs, P. et al.
Naveh, Z.
Interactions of landscapes and cultures 43
Nilon, C.H., Long, C.N. and Zipperer, W.C.
Effects of wildland development on forest bird communities 81
Nuutinen, T., *see* Pukkala, T. et al.
Panagopoulos, T. and Hatzistathis, A.
Early growth of *Pinus nigra* and *Robina pseudoacacia* stands: contributions to soil genesis and landscape improvement on lignite spoils in Ptolemaida 19
Parsons, R.
Conflict between ecological sustainability and environmental aesthetics: Conundrum, canärd or curiosity 227
Partridge, T.R., *see* Allen, R.B. et al.
Pukkala, T., Nuutinen, T. and Kangas, J.
Integrating scenic and recreational amenities into numerical forest planning 185
Rodiek, J.E.
Landscape and Urban Planning: the Journal's role in communicating progress in the evolution of future urban environments 3
Solecki, W.D. and Welch, J.M.
Urban parks: green spaces or green walls? 93
Tilton, D.L.
Integrating wetlands into planned landscapes 205
Villard, M.-A., *see* Morneau, F. et al.
Ward Thomas, J.
The Forest Service ethics and course to the future 157
Welch, J.M., *see* Solecki, W.D. et al.
Yu, K.
Cultural variations in landscape preference: comparisons among Chinese sub-groups and Western design experts 107
Zipperer, W.C., *see* Nilon, C.H. et al.
